TECHNICAL SALES AGRONOMIST (4 Positions)

Description

Field-Based | Van sales support | Performance-Linked Pay

Chemicaland Limited is looking for a commercial agronomist, not a theory lecturer. If you enjoy farmer interaction, demos, and converting science into sales, this role is for you.

Responsibilities

What You'll Do;

- * Conduct on-farm and agro-dealer product demonstrations
- * Support the van sales team to close deals in assigned territory
- * Train agro dealers and farmers on Chemicaland's products
- * Gather market feedback and competitor intelligence
- * Drive product adoption and repeat usage

Qualifications

What We're Looking For;

- * Diploma or Degree in Agriculture / Agronomy / Crop Science
 - * Strong field experience (agro-inputs preferred)
 - * Confident communicator with farmers and dealers
 - * Sales-oriented mindset (you are part of the sales engine)
 - * Willingness to travel extensively
 - * Results-focused and self-managed
- * Valid rider license and experience in riding and maintaining motorbikes

Job Benefits

What We Offer;

- * Highly competitive base pay
- * Commission and performance bonuses
- * High field exposure and growth opportunities
- * Work with premium, fast-moving products

🔗🔗 If your demos convert into sales, you'll thrive here.
